Bright Spots Suggest Joblessness May Be Nearing Peak Across Nation

WASHINGTON (AP) — The nation's unemployment rate was reported today as 8.9 per cent (meaning 91.1 per cent of the work force is still employed) in April and

there were some bright spots in the employment picture suggesting joblessness may be nearing its peak.

The 2 per cent increase in unem-

ployment was at a slower rate than in March, and total employment rose for the first time in seven months. Non-farm payroll employment also held steady, and the length of the work week edged up for the first time since the fall.

"I wouldn't want to say we're coming to the end of the line," said an analyst for the Bureau of Labor Statistics. But he added, "There's room for encouragement."

Unemployment in April rose by 200,000 to a total of 8,176,000 following an increase of 500,000 in March, when the jobless rate hit 8.7 per cent.

But total employment, which had declined by 2.6 million since September, increased last month by 240,000 to 84.1 million. With employment and unemployment both rising, the size of the U.S. labor force rose sharply for the second month in a row — to 92.3 million.

The Labor Department said adult males, who have experienced the greatest number of job losses during the current recession, accounted for more than half of the April employment gain.

The jobless rate, since hitting 8 per cent in January, has remained at the highest level since the depression of the 1930s. Not since 1941, when the rate averaged 9.9 per cent for the year out of a work force of 55.9 million, had it exceeded the 8 per cent mark.

A further rise in unemployment is expected in the next few months before it reaches the peak forecast by the Ford administration for about mid-year. However, despite new predictions of an economic improvement, joblessness is expected to remain at high levels through much of the 1970s.

Labor Secretary John T. Dunlop indicated Thursday that he believes the steep rise in unemployment experienced over the past seven months is losing steam. He predicted that joblessness will not go "much higher."

Work On New Refugee Aid Bill Expected Next Week

WASHINGTON (AP) — Congressional leaders expect to begin work next week on a new bill that approves aid to Vietnamese refugees but omits any authorization for using U.S. troops in refugee evacuations.

Chairman Thomas E. Morgan, D-Pa., of the House International Relations Committee said his panel may start soon on such a bill but that he wants the administration's determination of how much money is needed.

House Majority Leader Thomas P. O'Neill said, "There is no reason in the world the Committee on International Relations can't bring in" such a bill next week.

The resolve to start anew follows the House vote Thursday rejecting a bill for \$327 million in refugee aid and authority for President Ford to use troops in the evacuation, which already was completed. The bill was voted down 246 to 162.

Opponents of the bill claimed it would have permitted Ford to send U.S. troops back to Vietnam while others expressed concern that some of the aid destined for refugees still in Vietnam would fall into the hands of the conquering Viet Cong and North Vietnamese forces.

The House action evoked a strong response from Ford, who urged the House and Senate "to approve quickly new legislation providing assistance.... To do otherwise would be a repudiation of the finest principles and traditions of America."

Ford said the House vote "does not reflect the values we cherish as a nation of immigrants. It is not worthy of a people

which has lived by the philosophy symbolized in the Statue of Liberty. It reflects fear and misunderstanding rather than charity and compassion."

He said Congress "may be assured that I do not intend to send the armed forces of the United States back into Vietnamese territory."

House Democratic caucus Chairman Philip Burton of California said he believed Ford was honorable and meant that. But Burton said President Lyndon B. Johnson also was honorable when he asked for the 1965 Gulf of Tonkin Resolution, which was later cited as authority for a full-scale U.S. combat role in Vietnam.

Morgan also criticized opponents for not giving retroactive approval of evacuation authority to maintain the principle that only Congress can authorize use of U.S. troops in hostilities abroad.

In other developments:

Defense Secretary James R. Schlesinger said he expects no new Communist military challenges in Asia. At the same time, he said "it is particularly inopportune to contemplate major changes" in U.S. military strategies because the confidence of many countries "in American power and American steadfastness" has been shaken.

He also said U.S.-supplied equipment worth an original cost of more than \$5 billion had fallen into the hands of the North Vietnamese, though he said that much of it was unusable because of maintenance problems and no spare parts.

Morrison Youth Dies In Accident

Ten-year-old Phillip Ernest Morrison, Jr. was dead on arrival at the Murray-Calloway County Hospital this morning as the result of injuries sustained when he was struck by an automobile on Highway 94 East.

Kentucky State Trooper Charles Stephenson said witnesses to the accident

Phillip Morrison Jr.

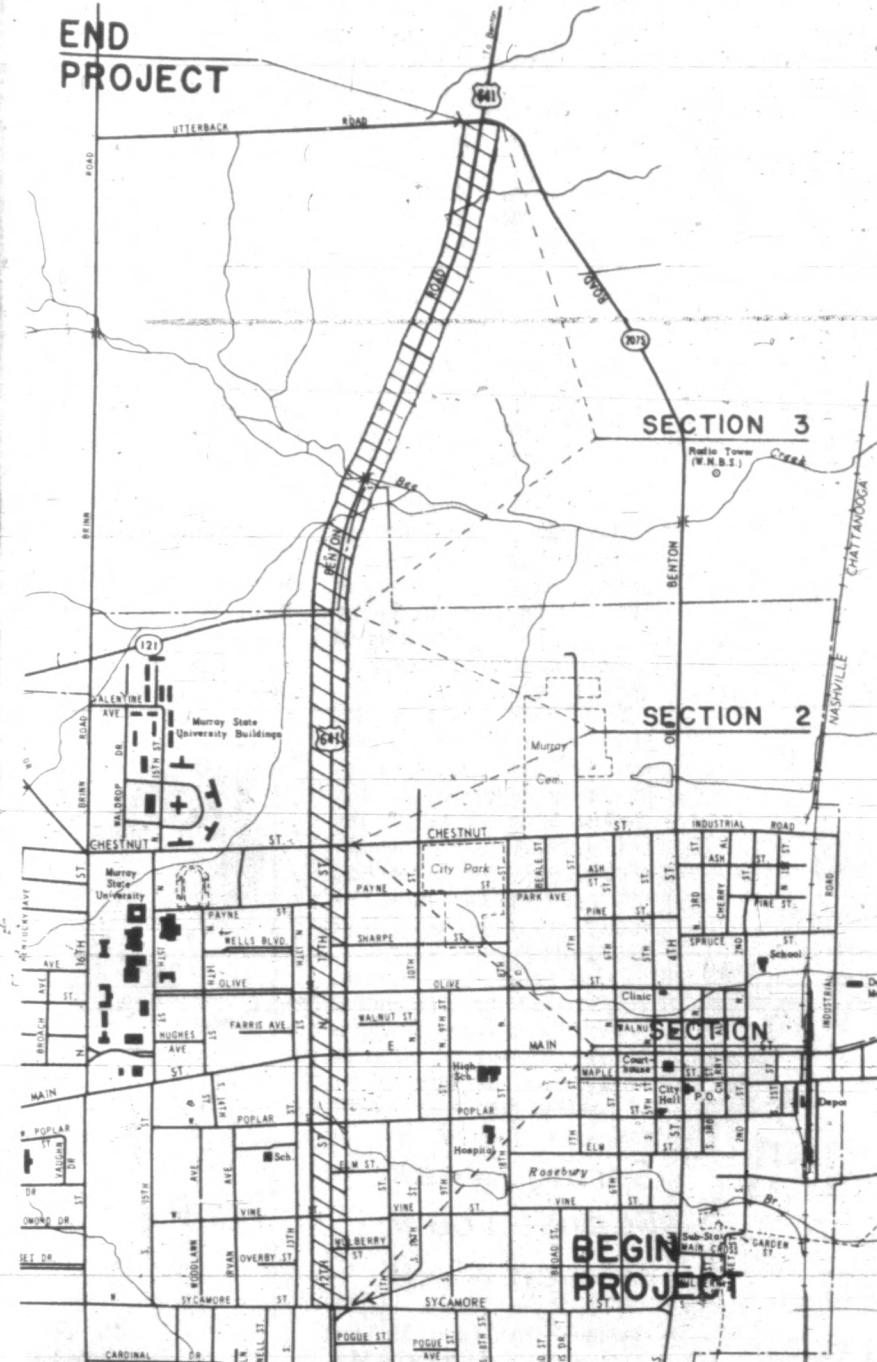

reported that young Morrison was standing by the mailbox on the south side of Highway 94, when he darted into the path of an eastbound car driven by Beverly Galloway, Route Three.

The accident occurred today at 7:20 a.m. about three miles east of Murray.

Young Morrison was the son of Mr. and Mrs. Phillip E. Morrison, Sr., of Route Three, and was a fifth grader at East Calloway Elementary School.

He is also survived by two sisters, Phyllis and Julie, age seven, and a grandmother, Mrs. Lala Morrison, all of Route Three.

Funeral arrangements are incomplete at this time. Friends may call at the Max Churchill Funeral Home after five p.m. today.

The Kentucky Bureau of Highways has requested corridor approval for the four-laning of Hwy. 641 (12th St.) through Murray, beginning at Sycamore and extending to the present four-lane at Utterback Road. District Highway Engineer Robert Hodges said that this is a preliminary step and that it would be a year to a year-and-a-half before a public hearing on the proposal could be scheduled.

Preliminary Planning On Four-Lane Through Murray Now Underway

The Kentucky Bureau of Highways is requesting corridor approval for the four-laning of U. S. 641 (12th St.) through Murray from the intersection of 12th and Sycamore to the present four-lane north of Murray at Utterback Road.

The project will be developed in cooperation with the Federal Highway Administration and financing of construction will be thirty per cent state funds and 70 per cent federal funds.

The proposed four-lane project would extend a distance of 2.5 miles and would link two stretches of four-lane on Hwy. 641 on either side of Murray.

Robert M. Hodges, district highway engineer, told the Murray Ledger & Times this morning that it would be a year to a year-and-a-half before a public hearing would be held on the proposed project.

Hodges also reported on two related projects today. He said that right-of-way acquisitions on the four-laning of Hwy. 641 from the end of the present four-lane north of Murray to Benton was still in progress and said that it would be sometime next

year before the construction of the project could be advertised for bids.

Hodges also said that he expected the construction at the intersection of 12th and Chestnut in Murray, originally scheduled to be completed by September of 1974, to be finished by the end of May.

Special Olympics Slated Saturday At Murray State

The 4th annual Special Olympics for handicapped children and young adults will be held at Murray State University's Roy Stewart Stadium Saturday, May 3, beginning at 9 a. m.

More than 300 youngsters from 18 West Kentucky counties are expected to participate, competing against others on their own capability level, in a variety of field and track events, including the 50-yard dash, 300-yard run, 440-yard run, standing broad jump, high jump and softball throw.

The winners will be eligible to compete in the state championships in Lexington May 30-31. The state-wide winners then will compete in the 1975 International Special Olympic Games at Central Michigan University, Mt. Pleasant, Mich., on Aug. 7.

Involved in a gala opening of the international Mt. Pleasant events will be more than 3,000 athletes along with their 1,000 chaperones, 100 clowns, bands, balloons and 2,500 pigeons.

In charge of this year's events at Murray will be Dr. Brinda Smith, an assistant

professor in the Department of Recreation and Physical Education, and Mrs. Billie Downing, an associate professor in the Department of Special Education.

More than 100 students in the University's physical education and special education programs also will be assisting with the track and field events, to which the public is invited. Lunch will be served to the participants, their parents and coaches by representatives of the Calloway County Homemaker clubs and the Burger Queen restaurant in Murray.

"No matter what the degree of disability or level of skill, there's a place for every mentally retarded person in the Special Olympics," Mrs. Downing said.

"The participants are categorized by performance as well as age, so they compete with others of the same proficiency as they. The purpose of the program is not only to assist the physical development of the retarded, but also their social and psychological development," she said.

Expansion Of Library Is Approved

A \$140,000 expansion and renovation project was approved by the Calloway County Library Board at its regular meeting last night, according to Librarian Margaret Trevathan.

Funding for the library construction will come from an \$85,000 state grant, with the remainder having to come from local sources.

Included in the expansion will be office space, a 150-seat meeting room with outside entrance, a foyer for displays, art shows, etc., and parking space about three times what it is now.

The present building will be renovated to be used exclusively for shelf space and reading areas, and will increase the space used for books and reading by about 50 per cent.

Plans also call for additional landscaping around the new building. Bids are expected to be let within six weeks, and construction should be finished by next July, Mrs. Trevathan said.

Math Students To Compete At MSU Saturday

One hundred and ninety-one outstanding high school mathematics students will be on the Murray State University campus Saturday (May 3) to compete in a tournament sponsored jointly by the Kentucky Council for Teachers of Mathematics and the Department of Mathematics at the University.

Tests will be given in four categories, according to Dr. Harold Robertson, chairman of the department: Algebra I, Algebra II, geometry and a comprehensive test covering all high school mathematics.

Team and individual scores will be determined with the two schools receiving the highest team scores receiving trophies and the two top individual graduating seniors in the comprehensive category receiving scholarships valued at \$300 and \$200.

The day's activities will open with registration at 9:30 a. m. in the University School, where an awards ceremony also is planned for 2 p. m.

Coordinators for the tournament are Mrs. Marlene Campbell, Mrs. Darlene Colson, Cuba, Lonnie Moffitt, Mayfield Middle School, and Mrs. Wanda Mitchell Calloway County High, all representing the KCTM, and Dr. Gary Jones, associate professor of mathematics at the University.

The Murray City Elementary Schools will present their annual spring music program entitled "A Trip To Disney World" next Monday and Tuesday nights at 7 p.m. at Lovett Auditorium on the MSU campus. The program will be presented by the Robertson Elementary school Monday evening and by Carter Elementary Tuesday evening. Every child in grades 1-4 will participate in the program which is under the direction of Mrs. Joan Bowker and Mrs. Cathy Benton. Tickets will be sold at the door with proceeds going for the purchase of grade school equipment. Left to right, front row, are Jorie Keeper, Whitney Taylor, Joy Hina and Jimmy Kelley; back row, Cathy Benton and Mrs. Bowker.

Citizens' Group Says TVA Customers 'Subsidize Fraud'

WASHINGTON (AP)—Tennessee Valley Authority area electricity customers are "subsidizing fraud" because higher coal prices—passed directly on to the consumer—include TVA's payment for poor quality coal, a citizens' group representative has told a House committee.

Maureen O'Donnell, a representative of Save Our Cumberland Mountains from the East Tennessee coal fields, said the group knows of "numerous instances, involving numerous (coal) companies," where inferior coal was covered with better quality coal for delivery to the agency's Kingston steam plant.

She charged TVA is aware of the prac-

tice, but has shown "no serious intention to prosecute" cheating coal companies or even to change its sampling devices to better detect the practice.

Ms. O'Donnell's testimony Thursday came as the House Interstate and Foreign Commerce Committee opened hearings on utility fuel adjustment clauses, like the one the TVA put into effect last July 2.

The chairman, Rep. John E. Moss, D-Calif., said that of the nation's \$10 billion increase in electricity bills last year, nearly two thirds was passed on directly to consumers through such fuel adjustment clauses.

He said such a seemingly automatic process may "lessen the incentive of

utilities to bargain with their coal and oil suppliers."

Moss said Ms. O'Donnell's films of the Shemco and Carter McCall coal companies loading their trucks with large amounts of slag may mean "the fuel adjustment clause has robbed this particular utility (TVA) of the incentive to police its suppliers."

The films were not shown to committee members because a series of votes in the House made it necessary to adjourn the hearing until today.

But a preview for the news media and public showed elaborate measures taken to load the coal trucks from two separate piles of coal.

MEMBERS OF THE Murray Senior Citizens group are pictured with some of the finished hand puppets they are making for the Calloway County Public Library. Left to right are Ambie Willoughby, Hazel Ahart, Amy Wilson, Maggie Paschall, Lalla Boyd, Erma Lovett and Hazel Locke.

"Honest Commitment" Theme For Program At Palestine Meeting

The United Methodist Women of the Palestine Church met for their April meeting at the church with fourteen members and two visitors present.

Rev. John Churchwell led the opening prayer. Mrs. Freda Lovett, president, presided and the women voted to send \$50 to the Ministerial Association.

"Honest Commitment" was the theme of the lesson. Rev. Churchwell gave a very interesting talk on what commitment and faithfulness means to the individual in the normal everyday life.

Mrs. Helen Brooks called the roll with members reporting 236 chapters read in the Bible. Mrs. Ella Burken read the minutes. The scriptures from John 14:15, I Corinthians 12:2-13, and Romans 8:14 were read by Mrs. Myrtle McDaniel who also led the closing prayer.

Less and often?

Hard to believe but there's good indication that people who eat frequent, small meals (six or so a day) tend to gain weight less readily than people who eat only two or three meals a day.

Gamma Chapter Has Luncheon Meet With Dr. Yancey Watkins, Speaker

The Gamma Chapter of Delta Kappa Gamma, International Honor Society of Women Educators, recently held its luncheon meeting and initiation service at the Murray Woman's Club House, with the president, Dr. Halene H. Visser, presiding.

The initiation of two new members, Mrs. Clara Humphrey and Mrs. Carolyn Sparks, was conducted by Mrs. Laura Jennings assisted by Dr. Visser, Miss Evelyn Bradley, Mrs. Mary Smith, and Mrs. Pauline McCoy. During a brief business session Dr. Visser gave a report of the Alpha Gamma State convention, which she had attended in Somerset in early April.

The guest speaker for the luncheon was Dr. Yancey Watkins, Associate Professor of Special Education, in Murray State University, who discussed "The Reading Program of Murray State."

additional facilities being planned. He added that he hopes to see reading academies set up across the state.

Giving Dr. Mary Elizabeth Bell, formerly of Murray, credit for her having started the Reading Association, Dr. Watkins stressed the fact that this organization now has 1,000 members in Kentucky.

In addition to the four guests, fifty-one members attended: Mrs. Georgia Adams, Miss Patti Bolin, Miss Evelyn Bradley, Mrs. Nellie Ruth Caldwell, Dr. Alberta Chapman, Miss Ruth E. Cole, Mrs. Aline Craddock, Mrs. Charlene Curd, Mrs. Eula Mae Doherty, Mrs. Katie Mae Doran, Miss Clara Eagle, Mrs. Gela Ellis, Miss Alice Sue Fairless, Mrs. Myrtell Futrell, Mrs. Verda Head, Mrs. Mildred Hatcher, Miss Rozella Henry, Mrs. Lula Belle Hodges, Mrs. Desiree Hosick, Mrs. Mary

Alice Humphries, Mrs. Laura Jennings, Mrs. Irene Johnson, Miss Mary Lassiter, Miss Ruth Lassiter, Mrs. Frances Matarazzo, Mrs. Mavis McCamish, Mrs. Pauline McCoy, Mrs. Merrie Virginia McIntosh, Mrs. Imogene Monroe, Dr. Doris K. West, Mrs. Louise Overby, Dr. Alta V. Presson, Miss Lovey Rayburn, Miss Betty Rogers, Miss Jo Anna Rowland, Miss Katy Belle Shaw, Miss Ruby Lee Simpson, Mrs. Mary J. Smith, Mrs. Ruby Suffill, Mrs. Carolyn Sullivan, Miss Lorene Swann, Mrs. Anne Thompson, Mrs. Nancy Thurman, Dr. Halene Hatcher Visser, Dr. Pauline Waggener, Miss Roberta Whitnah, Miss Katherine Williamson, Mrs. Wilma Wilson, Mrs. Ann Wood, Miss Elizabeth Wyatt.

The hostesses were Mrs. Georgia Adams, Mrs. Ruby Suffill, Mrs. Mavis McCamish, Mrs. Gela Ellis, and Mrs. Frances Matarazzo.

North PTC Changes Its Meeting Date

The North Elementary School Parent-Teacher Club has postponed its meeting for Monday, May 5, to Friday, May 16, according to Mrs. Greta Gargus, president.

A potluck supper will be served on that date at seven p.m. and all parents, teachers, and interested persons are invited, Mrs. Gargus said.

Good Shepherd Ruth Wilson Circle Meets

The Ruth Wilson Circle of the Good Shepherd United Methodist Church Women met at the church on Tuesday, April 15, at ten a. m.

Rev. Phillip McClure opened the meeting with prayer and Mrs. Esther Sigmon conducted the business session. Mrs. Alice Knight read the minutes and gave the treasurer's report.

The program, a study on Jonah, was presented by Mrs. Mildred Smith, assisted by Mrs. Ruth Wilson. Each member brought a Bible and joined in the study.

Mrs. Lois Marsh and Mrs. Dorothy Dunn presented a skit, "A Fish Story."

A delicious potluck luncheon was served at noon with Mrs. Katherine Wilson giving the blessing.

Others present were Mrs. Olla Lassiter, Mrs. Emma Knight, Mrs. Reba Miller, members and Mrs. Tennessee Outland and Mrs. Clover Lockhart, visitors. Mrs. Outland led the closing prayer.

Sid Easley (center) was the guest speaker at the recent meeting of the Murray Newcomers' Club. Mrs. Ellen Bowen (left) was named "Member of the Month." Also pictured is Jean Fleming, president, presenting a check for \$100.00 to Jackie Underwood, March of Dimes Representative. Mrs. Judy Canupp (right) is holding a "Certificate of appreciation" for the club's work in recent years in the March of Dimes campaign.

She Wants a Nose Job To Put the Bump Back

By Abigail Van Buren
© 1975 by Chicago Tribune-H. Y. News Synd., Inc.

DEAR ABBY: I am a 23-year-old unmarried woman. My father is Jewish, and my mother is Irish. I have always looked more like my father because I have the same little bump on my nose that he has. I never minded the bump because I love my father very much, and I never did get along with my mother.

Well, I got into an automobile accident, and they called in a plastic surgeon to sew up my face. Since my nose was in pretty bad shape, this doctor took the bump off, and I now look like my mother instead of my father.

Even though people think on what an improvement it is, I became very depressed. I even went to a psychiatrist, and he said I should have the plastic surgeon restore my nose the way it was. That's what I want to do.

My problem is everybody I talk to. They tell me I should have my head examined. What do you say?

LOVES DADDY

DEAR LOVES: You DID have your head examined and were advised to do what you want to do about your nose. So do it.

DEAR ABBY: Two years ago I weighed 400 pounds. My life was hardly worth living. In fact, I planned to commit suicide after reaching the age of 21. (I was going to take heroin.)

I am now 22 and weigh 200 pounds, and I haven't touched drugs of any kind—and that includes alcohol—and cigarettes—for two years.

I owe it all to a wonderful doctor at the University Hospital in Iowa City, Iowa, who performed a gastric bypass on me. Now I can eat as much as I want (which isn't very much anymore) and never worry about putting on a pound.

I wish you would print this for others who have found that dieting didn't work for them.

ONE HAPPY FELLOW

DEAR HAPPY: You make it sound so simple. After considerable research, I learned that gastric-bypass surgery, which proved so successful for you, is not for everyone. There are risks involved. Those who are interested should discuss it with their physicians.

DEAR ABBY: As a police officer, may I say something to the man who objected to women wearing pants suits?

Not one victim of the rape cases I have handled was wearing a tailored pants suit. One was wearing a slinky pajama sort of thing; the others were wearing either skirts or shorts.

A COP

DEAR ABBY: I have a question to ask that has been bothering both my husband and me for a long time.

We have two little girls. Our third daughter was stillborn. When people ask us how many children we have, what is the best answer?

WISCONSIN MOTHER

DEAR MOTHER: The best answer is your own: "We have two little girls. Our third daughter was stillborn."

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (20¢) envelope.

Your Individual Horoscope

Frances Drake

FOR SATURDAY, MAY 3, 1975

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

ARIES
(Mar. 21 to Apr. 20)

A good day for planning next week's program. Be especially astute in mapping out budgetary requirements. You may be faced with some unforeseen expenses.

TAURUS
(Apr. 21 to May 21)

Avoid present tendencies toward recklessness and extravagance. You could regret such actions later.

GEMINI
(May 22 to June 21)

Ignore rumors and correct misunderstandings wherever you can. But remember that the more quietly you handle such matters, the more successful will be your efforts.

CANCER
(June 22 to July 23)

You may have to make some quick moves. Answer is to have alternative methods in mind. Some of your philosophical concepts are now subject to sudden change.

LEO
(July 24 to Aug. 23)

Self-control and a determination to avoid arguments required now. Persons born under some Signs may be a bit "edgy" so do nothing to stir up differences.

VIRGO
(Aug. 24 to Sept. 23)

An unexpected invitation to an evening function could strengthen your social standing considerably. Don't hesitate to accept.

LIBRA
(Sept. 24 to Oct. 23)

Don't let your curiosity get the better of you — especially in a romantic situation. Too many questions will only yield evasive answers.

SCORPIO
(Oct. 24 to Nov. 23)

A day of mixed influences. Be careful in your approaches. Others may read more into your words and actions than you intend.

SAGITTARIUS
(Nov. 23 to Dec. 21)

A long-pending domestic problem can be solved now, so devote the early part of the day to this task. Then you can feel freer to go on to more stimulating interests.

CAPRICORN
(Dec. 22 to Jan. 20)

Some tension indicated. Avoid highly strung or neurotic persons, and keep out of situations which could needlessly involve you in others' problems.

AQUARIUS
(Jan. 21 to Feb. 19)

Mixed influences. You may encounter some frustrating situations during the a.m., but the tide will turn in your favor later in the day.

PISCES
(Feb. 20 to Mar. 20)

Some new trends in the making. Study carefully and be sure to check all propositions before accepting. Romance and travel favored.

YOU BORN TODAY have been endowed with a gift of leadership not usually found in the Taurean who, generally speaking, no matter how talented, finds greater success when working with others. You also have a better head for business and finances than most born under your Sign and could make a great success in the world of commerce. However, for the sake of your own happiness, you SHOULD take up one of the arts as an avocation, at least. Your love of beauty and intense idealism could never be satisfied with business alone and, depriving yourself of such outlets can only bring on emotional conflict. You have a strong sense of drama, and could excel in the theater — as actor, playwright, director or manager. Other professions in which you could shine: teaching, medicine, statesmanship, painting, fashion design and horticulture. Birthdate of: Niccolò Machiavelli, Ital. statesman; William Inge, playwright.

Quota Hiring?

Of all the silly goof-ups coming to our attention in recent months is the one confirmed by a General Motors Corp. spokesman who said the entire engine in the GM Chevy Monza had to be lifted up to change a sparkplug.

This certainly does not speak well of the old American know-how, and we suppose it is something for which the environmentalists cannot be blamed.

Scramble For Lt. Governor Keen Anyway

By Sy Ramsey
AP Political Writer

FRANKFORT, Ky. (AP)—The lieutenant governor's post may be little more than a token job in the next administration, but the Democratic scramble for it is keen enough.

And it looks as if Secretary of State Thelma Stovall is the woman the 10 men must try to catch in the May 27 primary.

This is based on reliable information which indicates she is ahead not only on name recognition, but in prospective votes.

It will undoubtedly be challenged by opponents who variously contend Mrs. Stovall's position is overrated, stagnant or slipping and can be upset by a vigorous campaigner with charisma.

Mrs. Stovall has said her rivals can't buy her name recognition in four or five months.

Pike County Judge Wayne Rutherford certainly has made an effort, having spent at least \$270,000 so far to become more widely known.

But more than money is involved. Mrs. Stovall has been around state government for 28 years—though that sometimes can be a disadvantage, too. She has close connections with labor and counts on a big women's vote, also a debatable thesis.

Other candidates may have better, more specific platforms. State Sen. Tom Ward, for instance, has outlined a detailed plan to finance public education that surpasses any candidate's proposal.

Other contenders can claim more solid background than Mrs. Stovall, who has spent much of her tenure in lightweight secondary offices.

Ewart Johnson was a parks commissioner, William Sullivan is a longtime powerful state senator and Ed Hancock is attorney general.

But how much does a platform matter in a Democratic primary for lieutenant governor in Kentucky? Or a repeated pledge, as Rutherford is making, to revive the office and make it a hive of activity?

Organization and friends probably carry more weight, and the 55-year-old Mrs. Stovall lacks neither.

There is the continuing question of how Gov. Julian Carroll, the heavy favorite to win a full term, feels about those running for the second spot.

He has said he will not endorse anyone, and he has not. He has said he may have

praiseworthy words on occasion for some, and he has spoken them, creating momentary excitement for the beneficiary.

The logic of the situation is that if Carroll believed Mrs. Stovall was winning, but emphatically did not want her to, he would act and the ripples would be felt immediately down to the grass roots.

That has not happened, although Carroll's top supporters probably have their particular favorites.

It has not happened apparently for two reasons: Carroll would gain nothing from any endorsement and Mrs. Stovall is not a threat in the future to any of his preferred political heirs.

In other words, should she become lieutenant governor, she presumably would not dream of running for governor at 59. How many of her rivals can make that statement?

Contemporary Religious Thought

"A Fourfold Expression Of Faith"

By Mike Robertson
Campus Minister, Baptist
Student Union, Murray State

We are often confused by the many different beliefs or expressions and confessions of faith we find in the various denominations today. How do we know which is genuine? A person's religious belief is between that person and God but I believe that a genuine relationship with God produces a special relationship with other people and this is expressed through love.

The Christian gospel commands one to do certain things. But what it commands is what human nature itself demands — demands for its fulfillment and well-being. I Timothy 1:5,6 shows this vividly — "The aim and object of this command is the love which springs from a clean heart, from a good conscience, and from faith that is genuine. Through falling short of these, some people have gone astray into a wilderness of words."

Note how the total person is fulfilled. Love springs from a clean heart (the affectional nature), from a good conscience (the folitional nature), and from a faith that is genuine (the intellectual nature). The whole person made up of feeling, will, and intellect is expressed in love. This way a person is perfectly fulfilled and modern psychology would agree. Nothing could be more healthy than a personality expressing itself by a clean heart, a good conscience, and a genuine faith expressing itself in love.

Expressing itself in love would mean that a person is outgoing. The tyranny of self-preoccupation is broken. The person who is outgoing in love is a healthy person and especially healthy if it includes emotions, will, and intellect. To be loving in emotions only may produce the man of morality in religion, but not very tender and sensitive. To be loving in mind alone may produce the intellectualist in religion. But loving in the total person — emotion, will, and mind — makes the most well-rounded, symmetrical person imaginable. Let us not be lost in a wilderness of empty words, but find ourselves in a genuine relationship with God and others, a relationship marked by this "fourfold expression."

Jesus answered and said unto him, Verily, verily, I say unto thee, Except a man be born again, he cannot see the kingdom of God. John 3:3.

When one is reborn, he really becomes blind! Blind to black, white, red, yellow, brown; blind also to denominationalism, prejudice, nationalism; but his eyes are opened to need, loneliness, mercy and service.

Sunday School Lesson

THE PRESENCE OF GOD

Psalms 139 presents God's omniscience, omnipresence, and omnipotence. In extolling these qualities David makes it clear that God knows everything about man, that He is present everywhere that man is, and that He has ample power to supply all of the needs of man. Our awareness of these great truths should cause us to give God the proper recognition and His rightful place in our lives.

God's Omniscience — Psalm 139: 1-6

David rejoiced to announce to others his awareness of God. David learned that God had a perfect knowledge of him. There were inward recesses and remote things which escaped the observation of those who knew David and associated with him, but there was not anything that escaped the penetrating sight of God. David was not able to conceal anything from God. God knew David's thoughts from which sprang his motives, desires, words, and deeds. David readily and frankly acknowledged that God knew all that could be known about him.

What David said with reference to God's intimate, thorough, and perfect knowledge of him is true of all others. God knows everything about every man — his thoughts, motives, purposes, words, and actions. Nothing about you or your circumstances is hidden from God. He does not lose sight of you in any group relationship, but He sees you personally. Nothing escapes His observation and knowledge. Everything lies open to Him. "The eyes of the Lord are in every place, beholding the evil and the good" (Proverbs 15:3). God beholds the ways, walks, and works of every human being (Verses 2-3). God hears every word that every person speaks (Verse 4). God possesses an intimate knowledge and a perfect understanding of every person which extends to every detail of that individual's life. Nobody can escape the all-wise God Whose knowledge extends to the most minute details, such as standing, walking, working, sitting, relaxing, or reposing.

That each of us is the subject of God's personal observation, knowledge, concern, love, and care is certainly a most comforting, encouraging, and challenging fact. Let us respond with implicit faith and full commitment to the majestic God Who loved us and provided for us in the past, and Who is supplying all of our needs in the present, and Who will care for us in the future.

God's Omnipresence — Psalm 139: 7-12

It is a great comfort, encouragement, and inspiration to know that God is present everywhere. Many would gladly flee from His presence if they could, but that is an utter impossibility. God is in all parts of

the universe and near each individual. There is a fuller manifestation of His presence in some places than there is in others.

To David God's presence everywhere was not just an opinion, but a reality. In all of the circumstances of life he had an awareness of the divine presence. David informed his readers that it is impossible for one to escape from the presence of God, regardless of how hard he may try. Through the centuries that have gone into the tomb of time many have sought to flee from God's presence, but not a one has ever succeeded in this foolish attempt. Many simply cannot elude God's presence.

Neither ascent into heaven or descent to sheol — the place of the dead — can cause one to escape from God's presence. Both heaven and sheol are under the control of the omniscient, omnipresent, and omnipotent God. Instead of attempting to flee from His presence, one should live in such a manner as to be able to rejoice in the glorious privilege of being in God's presence and complying with His wishes. Whether one is in the darkness or in the light, he cannot hide from God or get beyond His loving care.

Awareness of God's constant presence should restrain Christians from indulging in sinful practices, should cause them to hold humble thoughts of themselves and to have exalted ideas about God, should be an incentive to godly living, and should strengthen and comfort them when they are called upon to endure temptations, trials and tribulations. The Lord's purpose in saving us was that we might serve and honor Him. Walking with Him is the only thing for Christians to do if they expect to receive the blessings which will enable them to be equal to every emergency that may arise during their earthly careers.

A Prayer For God's Scrutiny — Psalm 139:23-24

Realizing that he was under the great searchlight of the ever-present and all-knowing God, David personally and earnestly asked God for a diagnosis. He was sure that God could and would search him fully, fairly, and impartially. He was anxious to know what God thought of him. He wanted God to dig deep into his heart, character, and life and bring the deep-lying parts to light.

Divine diagnosis calls for tested thoughts also. God is very much concerned about our thoughts, all of which are fully known to Him. If you will consider your thoughts, motives, desires, and purposes, you will be aware of your need of making this prayer your very own.

David's request for God to scrutinize his way implied his sincere desire for freedom from evil. He knew that, if any evil tendency or way had escaped his scrutiny, it could not escape detection under God's searchlight. Knowing any evil way would be one of injury, pain, and grief to him, David wanted to be delivered from it. He did not want to allow anything to remain in his life that was debasing to himself, injurious to others, or repulsive and dishonoring to God. He resolved that he would eliminate any evil way in his life as soon as God revealed it to him. He wanted to walk in God's way, and so should we, for it is the manner of life which guarantees happiness, victory, success, and usefulness.

HEARTLINE

HEARTLINE is a service for Senior Citizens. Its purpose is to answer questions fast. Write HEARTLINE, 8514 North Main St., Dayton, Ohio, 45415.

Heartline: Will Medicare pay for orthopedic shoes?—Mr. C. B.

Answer: Only if attached to leg brace! Heartline: What can I do if I disagree with what Medicare pays on a claim?—Mrs. P. D.

Answer: Go to your Social Security office and ask for a review of that claim. If the review is also negative, you may ask for a hearing if the amount in question is \$100.00 or more.

Heartline: I ordered a grave marker 9 months ago and it still has not been placed on my husband's plot. I have written several letters, but no reply. They sure

didn't waste anytime cashing my check.—S.C.J.

Answer: Your husband's marker has now been installed. A change in management caused a backlog in service.

Heartline: What is the most quarters that any person needs to get social security retirement?

Answer: The most that any person needs is 40 quarters or 10 years. However, many people need much less according to their age.

Heartline: My husband is going to retire at age 60 from the railroad. He has 32 years of service with the. I will soon be 60 myself, when can I retire?—W.S.

Answer: Under new law, since husband has over 30 years service and is retiring after June 30th, 1974, you can draw full wife's annuity at age 60, also.

BLASSINGAME

Let's Stay Well

A Muscle Relaxant For Chronic Spastics

By F.J.L. Blassingame, M.D.

A new medication, dantrolene sodium (Dantrium), may bring some relief to persons who suffer from chronic tightness (spasticity) of their skeletal muscles, according to a report by Michael Dykes, M.D., Department of Drugs of the A.M.A., published recently in the Journal of the American Medical Association.

This medication is unique, acting directly on skeletal muscles and relaxing their spasticity. Other medications depress the central nervous system to influence muscle tightness and relieve spasticity.

According to studies of animals and men, the toxic dose is large, having a wide margin of safety, and the medication can be taken by mouth over an extended period of time without adverse effects. However, the medication does not benefit certain patients, and others cannot tolerate it. Once the proper dose is established in a particular

case, the same dosage appears to remain effective. Use is limited to cases under the supervision of a physician.

Dantrolene sodium is for use only in chronic cases of spasticity, such as in cerebral palsy, multiple sclerosis, accident cases of damage to the central nervous system, and spinal cord injuries.

If used properly, one or more of the following benefits should be expected in cases of chronic spasticity, according to Dr. Dykes.

1. Reduction in pain.
2. Increase in use of muscles — bathing, toilet, and (tying shoelaces).
3. Less nursing care required.
4. Better use of devices — such as crutches.
5. Better participation in rehabilitation.

The psychological benefits to victims of such disabling illness are apparent when they have

less pain and disability and more participation. Also, the cost of care should be reduced.

The Food and Drug Administration has released Dantrolene sodium (Dantrium) for general use by the medical profession. While more experience and observation of the effects of this medication are essential, it should meet a widespread need and lessen the suffering and disability of many chronically disabled patients.

Q Mrs. K.E. inquires whether placing staples in the ears helps one to stop smoking or to reduce weight.

A: I have read reports of favorable results, but I have had no personal experience in the use of the procedure. Nor have I conferred with a person who has been so treated. The power of suggestion to a person who needed such help could possibly have been the source of any benefit, rather than through any

connection between the ear and the brain. Such stapling has been reported to be financially expensive when done by certain practitioners. It is wise to have an understanding about costs if you plan to have ear staplings. As far as I personally am concerned, I would not consider ear stapling if I had smoking or eating problems.

Q Mrs. A.R. wants to know whether aspirin could have caused a skin rash or "hives" which she had shortly after taking the medication.

A: Aspirin can cause skin rash and "hives" if you are allergic to the medication. Such reactions are potentially dangerous and may become more severe, even life-threatening, if you continue to take aspirin. I suggest that you omit it or any of the many mixtures that contain aspirin and consult your physician.

Murray Students To Participate Pennyrile Area Health Project

During spring intersession, students from nursing, speech and hearing and medical technology programs will be participating in the Murray State University Pennyrile Area Health Education System Project.

Lucinda Campbell and Roxanne Frye will represent the nursing program at clinical sites in Madisonville and the Land Between the Lakes.

Speech and hearing students, Chris Kelly and Lori Grandstaff will participate in the project at the Comprehensive Care Center in Hopkinsville and Trover Clinic in Madisonville.

Three students from medical technology will be observing at Jennie Stuart Hospital in Hopkinsville and Caldwell County Hospital in Princeton. They are Gayle Phelan, Cathy Penrod and Sandra Tucker.

The educational project is part of a statewide system known as the Area Health Education System funded by the Kentucky Legislature and administered by the Council on Public Higher Education. The

state is providing a \$4,500 grant for the project.

The primary purpose of the Area Health Education System is to create an educational thrust toward solving problems of health manpower distribution. Students can receive research credit for participation in the project.

Ray Dunn, allied health coordinator for Murray State University, is serving as project director and will be assisted by other faculty members.

Field supervision of the medical technology students will be the responsibility of Dr. W. J. Pittman, acting chairman of the biology department and medical technology advisor. Linda Clark, assistant professor in nursing will supervise students assigned to Trover Clinic and the TVA, Land Recreational Area. Dr. Jon Hufnagle, assistant professor of special education will be responsible for the speech and hearing students.

Students can get more information on the project from Dunn at 762-6956.

MSU Staff Members Attend Conference

Several members of the staff of the Murray State University library attended a recent joint conference of the College and Research Libraries and the Education Sections of the Kentucky Library Association in Owensboro.

Highlight of the two-day conference was the banquet address delivered by Dr. Ralph Ellsworth, internationally known librarian and library consultant. He related his experiences in working to develop modern library systems in such countries as Iran, Saudi Arabia, Yugoslavia, and Sweden, and declared that his experiences abroad have convinced him that the professional librarians in the U. S. are the best trained and most competent librarians in the world.

Librarians attending the conference also toured the new facility at the Kentucky Wesleyan Library Learning Center.

Among those attending from the library at Murray State were Strohecker, Mrs. Laurie Gray, Mrs. Quava Honchul, Mrs. Mary Belle Overbey, and Dr. Keith Heim.

Welfare Cuts Proposed For Mothers Who Refuse To Track Down Fathers

WASHINGTON (AP) — The government today proposed cutting off payments to welfare mothers who refuse to help identify and track down the father of their children, but mothers who cooperate would be rewarded with cash bounties.

Rules proposed by the Department of Health, Education and Welfare also would require all adult applicants or recipients of family welfare payments to obtain Social Security numbers and furnish those numbers to a welfare agency.

"Those mothers who cooperated in identifying the missing fathers would be rewarded with cash incentives of up to \$20 a month in child-support payments without any loss of welfare assistance. Support payments beyond the first \$20 would then begin to reduce the amount of welfare payments to the family.

HEW estimates there are 1.3 million fathers who have deserted their children and left their support to welfare, thus costing state and federal taxpayers \$1.5 billion a year.

The regulations are designed

to put into effect the 1974 amendments to the Aid to Families with Dependent Children program, which pays about \$8 billion a year to more than 11

million poor adults and their children. The public has 30 days to comment on the rules which take effect July 1.

Farm Bill Sponsors To Ask Override Of Veto

WASHINGTON (AP) — House sponsors of a one-year emergency farm bill expect to ask their colleagues next week to override President Ford's veto of the measure.

Failing that, and failure is expected, House and Senate Agriculture committees plan to abandon any effort for higher supports for 1975 crops.

Leaders said they will return to their work on a farm bill that would cover the same ground for the years ahead, plus foreign food aid and foodstamp revisions.

Ford vetoed the measure Thursday as "not in the public interest." Administration experts said the bill would trigger massive new farm subsidies and result in higher consumer food prices.

Members of both parties in Congress also viewed the bill as the first test of

Ford's promise to use vetoes to hold the federal deficit for fiscal 1976 to \$60 billion.

The President said that, if farm prices deteriorate when this year's crops are harvested, he would order Agriculture Secretary Earl L. Butz to raise production loan rates to prevent disastrous effects on farmers' incomes.

The bill would raise the target prices on corn by 51 per cent, wheat by 63 per cent and cotton by 18 per cent. The government makes direct payments to farmers when the market falls below target.

The bill also would bolster federal milk price supports.

Neither the original House bill nor the slightly modified version that emerged last month from a House-Senate conference won passage by the two-thirds margin that would be needed to override a veto.

Foolish Pleasure Made Favorite To Win Derby

By ED SCHUYLER JR.
AP Sports Writer
LOUISVILLE, Ky. (AP) — "He's as honest as he can be; he always tries," says his owner. And Foolish Pleasure will try to beat 14 other 3-year-olds in the Kentucky Derby Saturday.

"We hope to win, but I'd be foolish to guarantee it," said owner John L. Greer, who has watched Foolish Pleasure win 10 of 11 lifetime starts including two major pre-Derby stakes—the \$100,000-added Flamingo and the \$100,000-added Wood Memorial.

The Churchill Downs odds-maker listed Foolish Pleasure as the 9-5 favorite Thursday to win the first prize of \$209,600 from a purse that will total \$262,100 if all 15 start in the 101st running of the 1 1/4-mile Derby.

Foolish Pleasure worked a half mile in 48 seconds over a sloppy track and galloped out five-eighths in 1:01 Thursday morning.

"I'm in the dark as much as anybody about the condition of the track," said trainer Leroy

Jolley when he entered Foolish Pleasure. "But the horse will accept any kind of track."

With no more rain the track should be fast for the Derby. The weather forecast for Friday and Saturday calls for cloudy and mild weather, with the temperature around 70 Saturday.

Post time is 5:32 p.m., EDT, with television coverage by ABC from 5 p.m.-6 p.m.

Foolish Pleasure will start from the No. 3 post position under Jacinto Vasquez in the Derby, which calls for scale weights of 126 pounds.

John Galbreath's Prince Thou Art and Golden Chance Farm's Master Derby, expected to be Foolish Pleasure's toughest competition, both will start on the outside of the favorite.

Prince Thou Art, who upset Foolish Pleasure in the Florida Derby, will go from the No. 8 post under Braulio Baeza. He will run as part of an entry with Galbreath's Sylvan Place, a non-stakes winner who was second in the Florida Derby.

Sylvan Place will start from the No. 14 post and will be rid-

den by Angel Cordero Jr., who won the 1974 Derby on Cannonade.

"I'd prefer a fast track for both horses," said Lou Rondinello, trainer of the entry, which is the early 7-2 second choice. "With a large field I prefer a fast track."

Master Derby has won his last five races, including the Louisiana Derby and the Blue Grass Stakes, and is listed as a 9-2 choice to make it six in a row Saturday. An off-track figure to help the chances of the son of Dust Commander, 1970 Derby winner, who will leave from the five post under Darrell McHargue.

A colt who prefers a fast track is Frank McMahon's Diabolo, who won the 1 1/4 mile California Derby in a blazing 1:46 3/5 on a fast track at Golden Gate Fields. Laffit Pincay Jr., who rode Diabolo for the first time in the California Derby, will be aboard again Saturday when the dark bay starts from the No. 13 slot.

Two other big stakes winners in the field are Arthur A. Selligson Jr.'s Avatar, winner of the Santa Anita Derby, and Bob Clayton's Promised City, who was first in the Arkansas Derby. An Arkansas Derby winner has never won the Kentucky Derby.

Bill Shoemaker, who will be trying to win his fourth Derby in 19 attempts, will ride Avatar out of the No. 10 slot while Dave Whitely will ride Promised City out of the outside post.

"He's going to run, that's why we put him in," said Promised City's trainer, Larry Spraker, who added he couldn't do anything about the post position or the size of the field.

Roland Aristone Sr.'s Bombay Duck, who missed upsetting Foolish Pleasure by a head after setting the pace in the Wood Memorial, will start from the No. 5 post.

Others entered, their post positions and jockeys, are Max Gluck's Media, No. 1, Jean Cruquet; Mrs. and Mrs. Robert F. Roberts' Honey Mark, No. 2, Eddie Delahoussayer; John W. Mecom's Rushing Man, No. 4, James McKnight; Clarence Benjamin's Fashion Sale, No. 6, Bill Gavidia; Leggio, Wyble and Isbell's Bold Chapeau, No. 7, C.J. Alleman; Pedro A. Diaz Gatch, No. 9, Julio Espinoza, and Jack Dreyfus' Round Stake, No. 12, Mike Hole.

Honey Mark won a stakes as a 2-year-old and won the Stepping Stone Purse, and was a good second in the Blue Grass this year. Gatch has won stakes in Panama, one of them at the Derby distance of 1 1/4 miles on New Year's Day.

The others are non-stakes winners, but Media did finish a good third in the Wood Memorial in only the fourth race of his life.

Gatch, Bold Chapeau and Fashion Sale are coupled the mutual field, or a single betting interest.

Murray Middle School Participates In Meet

The boys and girls track teams for Murray Middle School participated earlier this week in a dual meet with Grove Junior High at Paris, Tn.

In the boys meet, Grove defeated Murray 68-37 while the Tiger girls were just edged out, losing 58-52 to Grove.

Stacy Overbey was the outstanding performer on the day for the Tiger girls. She won three first places and was on the 880-yard team which also won.

Murray had a sweep in the 60-yard hurdles by Overbey winning the event and Betsy Gore taking second and Jaina Washer third. Then in the 110-yard hurdles, Overbey was first in a fine 18.2 while Gore was second.

The other win for Overbey was in a field event, the high jump. Overbey cleared 4-6 to win while teammate Brenda Adams took third.

In the winning 880-yard relay, Sally Grasty, Karen Todd and Jaina Bell joined Overbey to capture the event.

The Tiger girls took three other first places. Barb Campbell won the 880 with a fine 3:05 while in the 220-yard dash, Althea Parham easily won first with an outstanding 28.8.

The other win for the Tigers came in the long jump where Karen Todd took first and in the

same event, Jaina Washer was second.

Two girls won third places. Penny Price in the discus and Washer in the 440-yard dash.

Four events were won by the Murray Middle School boys. Mike Hibbard won the 440-yard dash while teammate Ed Harcourt was second. Jon Alexander, showing signs of becoming a fine runner, easily won the 880 by running a 2:27.1.

The 220-yard dash found Thomas Kendall winning with a 26.8 while Harcourt was third.

The other first place on the day was by Harcourt in the high jump where Alexander also placed with a third.

Second places went to Kendall in the 100, Kendall in the long jump and David Stephenson in the shot put with an effort of 39-8.

Third places were won by Jeff Kursave in the mile, Stuart Henley in the shot put and Randy Garland in the discus.

This Saturday, the Tigers will be at the Paducah Invitational.

Then a week from this Friday, the Tigers will host a five-team meet at Murray High.

The meet, which will begin at 3:30 p.m., will include Grove Junior High, East Calloway, Southwest Calloway, North Calloway and the host Murray Middle School.

Attles Said Warriors Didn't Play Smart Game With Bulls

By The Associated Press
Golden State Coach Al Attles was worried about his team.

"We didn't play very smart basketball. We just have to get ready to play Game No. 3 here Sunday," Attles said as he assessed his Warriors' 90-89 loss to the Chicago Bulls that evened their National Basketball Association Western Conference playoff.

In Boston, the defending champion Boston Celtics, their backs to the wall after two losses to the Washington Bullets, face a "must win" situation Saturday in the third game of the NBA Eastern Conference playoff final.

And in the American Basketball Association, the Denver Nuggets and the Indiana Pacers, tied 3-3 in their best-of-seven semi-final series, meet Saturday night in Denver. The winner will take on the Kentucky Colonels.

Purchase Rights

SAN JOSE, Calif. (AP) — The San Jose Earthquakes purchased the rights Thursday to negotiate a contract with Dallas Tornado forward Ilija Mitic, the all-time leading scorer in the North American Soccer League.

An Earthquakes spokesman said an undisclosed amount of cash was paid for rights to Mitic, a five-time all-league selection who has scored 66 goals and 21 assists for 153 points since 1967.

Mitic has been with Dallas since 1969, and previously played two years with the Oakland Clippers.

A mental error by Warrior star Rick Barry breathed life into the Chicago Bulls' playoff hopes on Wednesday.

Golden State had an 89-88 lead and control of the ball with 20 seconds left and a Warriors' victory seemed all but clinched. With a 1-0 lead in the best-of-seven series, a win would have put the Warriors comfortably out in front.

But the Warriors brought the ball down court and passed to Barry in the corner. With 7-foot Tom Boerwinkle all over him and 10 seconds left in the game, Barry went up for a shot.

"Rick apparently thought that time had run out because I told him to run out the clock," said Attles. "Then, realizing that time had not run out, he got caught between making a shot and a pass and he made a shot."

Barry's shot fell far short of the basket and into the hands of Chicago's Chet Walker.

The Bulls called time out to set up a final play. Norm Van Lier took an inbound pass to the top of the key and went up for a shot. In mid-air Van Lier saw Boerwinkle wide open underneath the basket and rifled the ball to him. Boerwinkle sank an easy layup with two seconds showing on the clock, triggering bedlam among the 18,553 fans in Chicago Stadium.

The two teams will meet Sunday at the Chicago Stadium and then go to Oakland for two games. If a sixth game is needed, the teams will come back to Chicago and the seventh contest may be played at Golden State.

"We're not down except in games," said Boston captain John Havlicek, a 13-year pro. "If we win at home and come back to win there next week, things will be in proper perspective again. We just have to go to it."

Despite Havlicek's optimistic note, the Celtics are in trouble. They blew a 12-point halftime lead in losing the series opener 100-95 at Boston Garden last

Sunday and then were bombed 117-92 by the Bullets Wednesday night in Landover, Md.

Boston Coach Tommy Heinsohn refuses to concede that Washington may just be better than his Celtics. He even ignores the statistics which indicate that the Bullets' tenacious defense wrecked the Celtics in the first two games.

"We beat ourselves again," Heinsohn said after the second game rout. "We missed the shots, that's all. We just couldn't hit a shot."

Red-Hot Cubs Have Top Mark In Major Leagues

By JERRY LISKA

AP Sports Writer
CHICAGO (AP) — Relief pitcher Darold Knowles, who objected to the off-season deal which sent him from the three-time world champion Oakland A's to the Chicago Cubs, now thinks he may have landed with a pennant contender after all.

"I asked Charley Finley last fall to trade me to a contender," recalled Knowles, who posted his third save of the young season Thursday as the Cubs beat the New York Mets

5-2.

"I wasn't happy about going to the last-place Cubs," said Knowles. "It was the kiss of death asking Finley to trade me to a winning club, but now the Cubs are suddenly a contender."

With the season nearly a month old, the Cubs' 13-5 record is the best in the major leagues. Knowles, a 33-year-old left-hander, has been a big part of their early success, pitching in seven games and allowing only three hits and no runs over 12 innings.

"If we play this way all season, I see no reason why we can't finish near the top in our division," Knowles added.

In Thursday's only other National League game, the Houston Astros beat the San Diego Padres 6-3. One other game, St. Louis at Pittsburgh, was rained out.

"We're just playing like hell," said Manager Jim Marshall, whose Cubs have won six of their last seven outings. "We've been getting what we need when we need it without being lucky."

Against the Mets, Chicago's winning formula was an 11-hit attack and sterling relief pitching.

Starter Steve Stone was sent to the sidelines by a leg injury after 5 1/3 innings but still posted his fourth straight victory without defeat. Ken Frailing

and Milt Wilcox made brief appearances before Knowles cleaned up with a faultless stint for 2 1/3 innings.

Knowles was acquired from the A's along with second baseman Manny Trillo by Billy Williams, the long-time Chicago outfield star.

Stone, who singled across the go-ahead run for a 3-2 lead in the fourth inning, said he wanted to stay in and go for his third complete game. "But it was hurting," Stone said of what he described as a pinched nerve high on his right leg.

Astros 6, Padres 3
Bob Watson and Doug Rader drove in two runs apiece to pace the Houston attack. Watson had a run-scoring single in the first inning and hit his fourth homer of the season in the third. Rader belted a two-run double in the fifth.

Ken Forsch got the victory for the Astros, with relief help from Jim Crawford.

Aaron Back On Track, Breaks Another Mark

By KEN RAPPOPORT
AP Sports Writer

Hank Aaron won one for Milwaukee and lost another one for Babe Ruth.

Aaron, who surpassed Babe's fabulous career home run mark last year, blasted through another Ruthian plateau Thursday — his career RBI record of 2,209.

The Milwaukee slugger knocked in two runs to bring his lifetime figure to 2,211 and guide the Brewers to a 17-3 decision over the Detroit Tigers.

"I've never set any plateaus," said Aaron, dismissing the herculean accomplishment. "I just try to do the best I can and let the records fall. I just happened to be in the position to break one of the most historic records in baseball, and I'm glad it's over with."

While playing with the Atlanta Braves, Aaron went through exquisite pressure catching Ruth's home run total of 714. Since then, Aaron has built the proud record to 735.

Since being traded to the Brewers, however, the 41-year-old superstar has been having his problems. Aaron's four hits Thursday represented his biggest day as a designated hitter and boosted his batting average to a modest .218.

Elsewhere in the American League, Boston nipped Cleveland 7-6; Texas whipped Chicago 2-1; New York blanked Baltimore 5-0 and Kansas City beat California 11-10 in 13 innings.

Aaron broke Ruth's RBI mark with a third-inning single that scored Sixto Lezcano and gave the Brewers a 3-2 lead. Willie Horton, whose sixth homer had staked the Tigers to a 2-0 first-inning lead, tied the score with an RBI single in the fifth.

Don Money beat out an infield hit to start the Brewers' fifth and scored the go-ahead run on a double by Robin Yount. Aaron doubled home Yount with two out for his 2,211th RBI, then scored on a triple by Darrell Porter. After a walk to Mike Hegan, two more runs scored on an error and a triple by Pedro Garcia for an 8-3 lead.

Aaron, whose second-inning single set up a bases-loaded sacrifice fly by Hegan, singled again to trigger five more runs in the seventh. A three-run homer by Yount capped the assault.

Porter touched off a four-run burst in the eighth with a two-run homer.

Red Sox 7, Indians 6
Bernie Carbo triggered a three-run first inning with a leadoff double, then tagged Cleveland starter Jim Perry with a two-run homer in the second as Boston snapped a four-game losing streak with a

Tiger Boys Win Over Mayfield In Net Play

The Murray High boys tennis team remained undefeated on the season Thursday as they won a close 5-4 match at Mayfield.

In the number one singles, Mel Purcell cruised to an easy 8-0 win over Mark Barlow while at number two, Brent Austin won 8-2 over Greg Cook.

The third and fourth positions weren't as fortunate. Kim Trevathan of the Tigers lost at the third spot, falling 8-5 to Andy Stahr while Mark Homra, playing number four, fell 8-6 to Emmerson Maddox.

Murray bounced back to claim wins in the fifth and six spots with Craig Shinnors defeating Jeff Stark at number

five 8-3 and Kevin Ray winning at six over Mark Stark 8-2. Purcell-Austin easily defeated Barlow-Cook 8-1 in the number one doubles. The other two doubles teams from Murray High fell to defeat.

Homra-Trevathan lost 8-3 to Stahr and Maddox while in the number three doubles, Kevin Ray and Brad Boone lost 8-6 to the Stark Brothers.

The boys will seek win number six Monday at Caldwell County. On Tuesday, the boys and girls will both be in action as they host Hopkinsville at the MSU Tennis Complex at 3:30 p.m.

The Tiger girls will carry a 4-0 record into the match.

Trevino Wanting To Get Win In His Home State

By BOB GREEN
AP Golf Writer

HOUSTON (AP) "One of these days in this state..." Lee Trevino let the sentence trail off.

It's one of his fondest hopes to win a golf tournament in his native Texas. It hasn't happened yet.

"It's really tough to win in your home state," Trevino said. "You know, you have so many friends in the gallery, lots of friends and people pulling for you and it puts extra pressure on you."

As usual, he had a massive gallery of followers Thursday, many of them of Mexican-American heritage.

"There's more Mexicans than whites in my gallery because more Mexicans are out of work," Trevino said after his six-under-par 66 had given him a share of the lead with Australian David Graham in the first round of the \$150,000 Houston Open Golf Tournament.

"I like this course," Trevino said of the new, lush, 6,929-yard Woodlands Country Club layout that features tight, pine-forested lined fairways and greens guarded by 91 sandtraps and 12 lakes and ponds. "You have to work the ball. You have to hit it where you're aiming."

Jerry McGee, winner of the Pensacola Open just two weeks ago, birdied his first four holes and headed a group tied at 67. Also at that figure were Dale Douglass, Eddie Pearce and rookie Alan Tapie.

At 68 were Lou Graham, Don

Bies, John Schroeder, Bob Shaw, Joe Inman, Mike Wynn, Artie McNickle, Larry Nelson and Bruce Crampton, a former Houston Open winner.

Defending titleholder Dave Hill struggled to a 73 and Arnold Palmer took a 74 after some familiar putting problems. "I missed a two-foot birdie putt on my first hole and that just kind of set the pattern for the day," said Palmer, who must improve if he is to qualify for the final two rounds Saturday and Sunday. "My putting was just gross."

Jack Nicklaus, Johnny Miller, Tom Weiskopf and Gary Player, are not competing.

Their absence can only increase Trevino's chances of winning his first title in Texas. And, coming off a solid performance in last week's Tournament of Champions — he missed a playoff by a single shot — he's primed and ready.

Don Duke reached base on a walk for the Tigers, stole second and came around to score when Lindy Suiter singled, tying the score at 1-1.

But in the bottom of the third, Lone Oak used a walk, a single and a two-run double to move ahead 3-1.

Reidland Clips Tigers, Murray Salvages Split

Murray High made a visit to McCracken County Thursday night for a pair of games and came away with a split.

In the first contest, the Tigers edged Lone Oak 5-4 while in the nightcap, powerful Reidland handed Murray a 6-2 loss. The split of the two games leaves Coach Charles Archer's Tigers with a 3-3 record for the young season.

Tony Thurmond, a hard-throwing junior righthander, hurled the distance for the Tigers in the opener. Thurmond gave up four earned runs on eight hits while fanning eight men and walking six.

Lone Oak placed two hits together in the first inning to take a 1-0 lead before the Tigers knotted the score in the top of the third.

Don Duke reached base on a walk for the Tigers, stole second and came around to score when Lindy Suiter singled, tying the score at 1-1.

But in the bottom of the third, Lone Oak used a walk, a single and a two-run double to move ahead 3-1.

The rest of the scoring in the

contest came in the fourth inning. Lindsey Hudspeth and Craig Suiter both singled and catcher Tony Boone followed with a single to send a run across and leave Lone Oak leading only 3-2.

Then Mark Williams, the Tiger third-baseman, ripped a three-run homer and Murray held a 5-3 lead.

Lone Oak added a single tally in their half of the inning as Hamilton belted a homer and the final score of 5-4 was on the board. Lone Oak threatened in their half of the seventh as Thurmond walked two men but got the last batter of the contest to fan.

Craig Suiter had two hits to pace the seven-hit Tiger attack while Lindsey Suiter, Hudspeth, Thurmond, Williams and Tony Bayless all had one hit apiece.

Second Game

Reidland, thus far the strongest ballclub in the First Region, scored a single run in the first and added three more in the second off Tiger righthander Joe Graves and the Greyhounds never looked back.

The first run for the Tigers

came in the third as Bo McDougal reached base on an error, moved to second on a passed ball and scored on a single by Hudspeth.

Lone Oak added single runs in the fourth and fifth frames to move to a 6-1 lead before Murray scored its last run of the game in the seventh frame.

Thurmond led off the inning with a walk, moved to second on an error and later came around to score from third on a passed ball.

Murray had just four hits in the contest. Duke, McDougal, Hudspeth and Craig Suiter all hit safely.

Reidland got just five hits off Graves who pitched well but passed balls and a couple of errors proved to be the downfall.

The Tigers are at Heath for a single contest today before playing a doubleheader at Henry County Saturday.

Flyers Take 2-0 Series Lead As They Win Over Islanders

By The Associated Press

Bobby Clarke said it was the first overtime goal he could remember scoring. The New York Islanders insist Clarke still hasn't scored one.

For the record, the goal at 2:56 of an overtime period counted and gave the Flyers a 5-4 victory over the Islanders Thursday night. The Flyers now lead the National Hockey

League best-of-seven semifinal playoff series 2-0.

In Montreal, the Canadiens skated to a 7-0 victory over the Buffalo Sabres in the third game of their seven-game semi-final series. It was the Canadiens' first win.

New York claimed Clarke illegally kicked the puck into the net past goalie Billy Smith. Denis Potvin, who along with J.P. Parise scored two goals for the losers, said angrily: "Bobby Clarke kicked the puck in. The rebound came off Smith and right at his foot. His stick was in the air. There is no doubt in my mind."

"I didn't kick it in," said Clarke, the Flyers' captain and all-star center. "It hit my skate and went in. I don't think I got my stick on it. I just didn't

know what was happening."

The Flyers led 4-1 at one point. Then, at the end of the second period, the Islanders got a break. Denis Potvin lobbed the puck in front of the crease. The Flyers' Andre Dupont shoved Parise into Philadelphia goalie Wayne Stephenson as the puck glanced off Parise's skate and into the net to make it 4-2.

Unhappy Jurgensen Is Retired By Redskins

By TOM SEPPY
AP Sports Writer

WASHINGTON (AP) — Sonny Jurgensen, with the waistline of a veteran beer drinker (actually he leans more toward scotch), was asked once how he could quarterback with a protruding stomach.

"I throw with my arm, not my belly," he replied.

And throw he did during the 18 years he played in the National Football League — 11 with the Washington Redskins and seven with the Philadelphia Eagles.

The 40-year-old Jurgensen was retired by the Redskins Thursday even though he made it plain he did not like the idea.

"I would have preferred to make the decision myself," Jurgensen said at a news conference. "So few people get out of the game at the right time. Everybody thinks they can do it forever. But you would like to make the decision to quit yourself."

"It's the dignity of going out," he said. "It's not a matter of being replaced by Billy Kilmer.... He did that four years ago."

"It's kind of disappointing to retire this way," said Jurgensen.

Coal Loss Warned If Dam Is Constructed On Paint Creek

WASHINGTON (AP) — At least \$66 million worth of strip-minable coal will be lost if the U. S. Army Corps of Engineers goes ahead with plans to construct a dam on the Paint Creek in Eastern Kentucky, according to two coal operators from the area.

Robert Addington and George Arrington told two congressional appropriations subcommittees Thursday that construction of the planned \$33 million Paintsville dam in Morgan and Johnson counties would cost them money.

The two said the corps had ignored the increase in the value of the coal in the 14,000 acres that would be bought for the project.

Arrington said that when the dam was first planned, coal was selling for \$3 or \$4 a ton. At that time, mining it was not economically feasible, he said.

But at current prices of more than \$20 a ton, it's a different story, he said.

Meanwhile, Dena Shepherd, a 76-year-old widow from the Red River Gorge area in Kentucky, told lawmakers that the construction of a proposed dam on the Red River would force her to move from her home in the

"garden of Eden." Others testifying against the proposed dam included a university economics professor, a biology professor, the president of the National Audubon Society, and congressmen from Louisville and Cincinnati, Ohio.

Elvis Stahr, president of the Audubon Society, said the Red River Gorge area was a "natural treasure which our country can ill afford to lose."

Stahr first recommended building the dam when he was secretary of the Army in 1962.

Rep. Romano Mazzoli, D-Ky., said the controversial project should be "dropped once and for all."

The proposed federal budget for the next fiscal year includes \$1 million for the Red River dam and \$1.3 million for Paintsville's project.

Meanwhile, in Frankfort, Ky., Gov. Julian Carroll's office said the U. S. Army Corps of Engineers wouldn't acquire land for the proposed Red River Dam for another 45 to 90 days.

Carroll told the corps earlier in the week he would join in a suit to stop construction of the dam if necessary, because he needed more time to study its possible environmental con-

sequences. He asked the corps not to acquire the land for the dam until the General Accounting Office completed a report on archeological findings in the area.

Carroll said Thursday he no longer feels an injunction will be necessary to stop the corps from acquiring land. But he said a federal court will consider on May 7 the corps' notice to litigants that it intends to proceed with the project.

Chrysler Shows Record Loss, But Profit Expected Industry-Wide

DETROIT (AP) — Chrysler Corp. lost a record \$94.1 million in the first quarter of 1975. But the auto industry as a whole is expected to turn a profit this quarter and for the remainder of the year.

"The worst is now over," said an analyst for a major investment house in New York. "The companies have cut costs, and sales will pick up. The industry will return decisively to black ink in the second quarter."

Chrysler reported Thursday it had operating losses of \$127 million in the January-March period. However, an accounting change and a tax credit reduced the loss by some \$33 million. Even so, the net loss was the largest in the firm's 50-year history. In the first quarter last year, Chrysler showed a \$1.6 million profit.

Ford Motor Co., with pretax losses of \$158 million in the quarter, also used an accounting change and tax credit to cut net losses to \$10.6 million, its first quarterly loss in eight years. In the first quarter in 1974, Ford earned \$124 million.

General Motors, the only auto maker to turn a profit in the period, earned \$85 million, or \$59 million after taxes, its smallest return since 1946. Its first quarter earnings in 1974 were \$120 million.

American Motors, which will release its results next week, has said it lost at least \$10 million before taxes in the period. AMC showed first quarter earnings last year of \$6.9 million. The operating loss of the four

companies compared with earnings of \$253 million in the first quarter of 1974 and record profits of \$1.3 billion in the first quarter in 1973.

State Proposing To Readopt Controversial Water Rulings

FRANKFORT, Ky. (AP) — The state is proposing to readopt two controversial clean-water regulations in their present form until a federal court rules on challenges to them.

That has to be done to make sure the state does not end up with no regulations on those points, Harold Snodgrass, director of water in the state Department of Natural Resources and Environmental Protection, said Thursday.

Snodgrass was speaking at an informational meeting on those and other regulations the department is proposing to adopt or readopt. It will hold a formal hearing on them May 13 and 14.

He said the regulations might be challenged in a new lawsuit if they are not readopted in their present form, which then

might block their effective dates. That would mean the state would have no such regulations after July 1 because a 1974 law says any regulation not readopted by then is rescinded.

Snodgrass said his agency will change the regulation as required, if necessary, whenever a suit now pending in U.S. district court in Lexington is settled. That case was delayed by the death of Federal Judge Mac Swinford, who was hearing it, earlier this year.

One regulation involved sets out water quality standards for all the state's streams. The other defines those streams as those appearing on a state Department of Commerce map and further says they must be kept clean enough for all uses.

Atty. Gen. Ed Hancock has

filed suit challenging the federal Environmental Protection Agency's approval of the two regulations. That is the suit that is pending in federal court.

Snodgrass said a change in the penalty section is being proposed in a regulation on pollutant spills into a stream or a temporary bypass of treatment facilities. Instead of revoking a facility's permit to operate, he said, the new penalty would be a fine of up to \$5,000 for each day of violation.

Snodgrass said one "totally new" regulation sets out the minimum degree of treatment required for wastes. He said the department always had such requirements but they were not clear to everyone so it decided to put them into regulation form.

He said the regulation will require all municipal and industrial waste treatment plants to have at least secondary treatment, which is a higher degree than primary treatment.

Snodgrass said some plants will have to treat their sewage even beyond those standards in order to meet the water quality standards for the stream into which they discharge their effluent.
